ITEM-330: (O-86-150) INTRODUCED AS AMENDED, TO BE ADOPTED
MARCH 31, 1986

A proposal to approve the Greater North Park (Park North-East) Interim Ordinance for a period of time not to exceed 18 months.

The ordinance would permit development up to the R-1500 Zone density (approximately 29 units per net acre). Any proposed development over this density of one dwelling unit per 1500 square feet of lot area would need to obtain a Planned Residential Development permit prior to obtaining a building permit. The ordinance as proposed would therefore only affect development projects in the R-1000, R-600 and R-400 Zones, all of which permit in excess of one dwelling unit per 1500 square feet of lot area. The purpose of the ordinance is to enforce the overall density and design standards of the existing Park North-East Community Plan until a new community plan and implementing legislation can be adopted by the City Council, which is anticipated in 1986.

This ordinance would apply to the area generally bounded by I-805 and I-15 on the east, the south slopes of Mission Valley on the north, Park Boulevard, 28th Street and 32nd

Street on the west, Upas Street and Juniper Street on the south, and the canyon area between Greater North Park (Park North-East) Community and the Greater Golden Hill Precise Plan area on the southwest. The precise delineation of the boundaries is also shown on Drawing No. C-708, on file in the office of the Planning Department.

(Continued from the meetings of December 17, 1986, Item 340 and January 14, 1986, Item 337; last continued at Council Member Martinez's request.)

Matters of:

1. Approval of the North City West Development Unit 4A Precise Plan; and

The subject property is located east of Torrey Pines High School and north of the future alignment of Del Mar Heights Road in the North City West Community (see map on reverse side) and is more particularly described as a portion of Section 17 and the south half of Section 8, Township 14 South, Range 3 West, SBBM. This Precise Plan is comprised of about 247 acres and proposes development of 423 dwelling units with the possibility of a future institutional site being developed. The Planned District Ordinance amendment would rezone the Development Unit 4A Precise Plan property from Zone A1-10 to Zones SF1, SF1-A and OS of the Planned District.
